

# September 2024

## pictures of the month

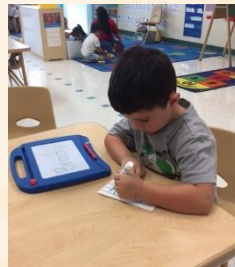

An annual national celebration of Hispanic Heritage Month honors the contributions that Hispanics from Spain, Central America, South America, and the Caribbean have made to American history and culture.

The children enjoyed having their **End of Summer** party with their friends and family!!

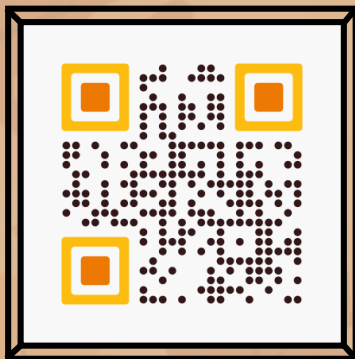

The pre-schoolers had fun during their **GLOW** Party, dancing and listening to Music.

We had a great **first day of school**!! We are excited to for the adventures that await us this year!
